From Foothills Pkwy: West on Valmont. Left on Wilderness Place. First left to parking.

Office Location

The door to Suite G, Center Green Suites, is sometimes hard to find the first time. It is to the right of the door marked “2945/a,” just south of the red pedestrian bridge that connects the two buildings, and says “Windward Reports” & “Center Green Suites” in small letters on the door itself.

Go up the stairs and the waiting room to Suite G is through the door to the left. Medicinal Mindfulness shares a space with Aspenroots Counseling, and is the last office to the left before the red bridge.

If the office door is closed, please do not knock, but wait in the waiting room if you have an appointment.
